

Lawrence Central High School

Our staff would like to welcome you back to another school year! As we begin this busy time of year our office, in an effort to better serve and more importantly communicate with all of our schools, is sending you this list of important dates that Herff Jones will be in your building during this school year. Please feel free to include these dates on your school website to better inform the parents, as most schools already have them in their student handbook. We sincerely thank you for all your support! We at Graduate Services Inc. / Herff Jones are looking forward to helping you, your staff, students and parents as they celebrate the milestones of their high school years!
