

LAWRENCE CENTRAL PARENT VOLUNTEER FORM 2017-2018

Parent Name: _____ Email: _____ Phone: _____

Student Name: _____ Grade: _____ Cell or alt. phone: _____

As LC parents, we strive to offer assistance to our teachers and administrators in their efforts to educate our children by providing much-needed volunteer manpower and funding. With funds raised through parent support and special funding raising initiatives, we have purchased enrichment materials for classrooms and offered financial support for teacher initiatives through teacher grants plus funded extras throughout the building not covered by the general fund. We have also helped support the M.A.C. and W.I.N. tutoring centers. With shrinking school budgets, the need for additional support is greater than ever. Currently most of our funding is generated from our Breakfast Program. In addition, instead of a product fundraiser, we also count on parent donations to our *Campaign for Academic Excellence* to help support our efforts. Please consider donating your time and/or making a financial commitment for the benefit of your child's education and Lawrence Central High School.

____ Please check here if you would like to include a tax deductible donation to the *Campaign for Academic Excellence* to help support academic enrichment and achievement.

____ Please add my email address to the LC Parent Newsletter Listserv which provides parents with information about upcoming events and announcements from Guidance, Administration and other school organizations.
